

# DID YOU KNOW?

THINGS YOU MAY NOT KNOW ABOUT THE MAC:

1. The Ministry Activities Center is so named because we see it as the Lord's ministry, offering diverse activities, through Christ-centered fellowship and outreach.
2. The charter members of Grandin Court Baptist Church envisioned the construction of such a ministry facility when the church was founded in 1945.
3. 22 laps around the walking track equates to one mile and is used daily by members and guests for exercise and prayer.
4. The music suite portion of the MAC provides rehearsal space for multiple choirs and houses our extensive music library.
5. The MAC is not only used weekly by our congregation, but also sports teams, open gyms, our preschool, and various community groups. Church and community members book our building for conferences, family celebrations, and miscellaneous events.
6. Since its opening, hundreds of people have stayed overnight in the MAC. Collegiate mission teams from Michigan, Indiana, Pennsylvania, New Hampshire, West Virginia, North Carolina, South Carolina, and Florida, and other service organizations have served our community through Alternative Spring Break programs. Other guests have been served by church members through our partnership with Family Promise of Greater Roanoke.
